

JAMIE CAUDILL

SOFTWARE DEVELOPER

WWW.JAMIECAUDILL.COM

SUMMARY

I'm a dedicated front-end developer with military training, blending discipline and adaptability. Passionate about clean tech, I combine my professional eye for design with a commitment to sustainable solutions.

PROJECTS

EVERUSE

Full Stack Web Application

React, SASS, UI/UX Design, GraphQL, Cypress, Github Actions

- Collaborated with a team of FE and BE engineers to build a full-stack e-commerce application for EverUse, a business that upcycles retired climbing ropes

HUMOR ME

Full Stack Web Application

React, CSS, PostgreSQL, Knex, Express, Cypress

- Led the development of a server and database for a web application that allows users to generate and save random motivational and satirical posters
- Collaborated on a team of four developers to learn new backend technologies for a fully functional full-stack application built in under two weeks
